## FINANCIERS UNDERTAKE **REBUILDING MEASURES**

Bankers View Efforts With Confidence-Liquidation Cause of Former Hesitation.

CONFIDENCE IS GROWING

NEW YORK, Dec. 5—Industrial and financial conditions have reached the point where captains of industry and bankers are undertaking constructive measures, with confidence of their success. Heretofore the big interests hesitated before attempting constructive measures, feeling that liquidation had not run its course. Confidence in the stability of securities at these prices is gradually but stendily growing in the financial district, and large investment houses in increasing numbers are advising their clients to take advantage of the low prices for stocks to pick up what they call bargails, to be held for a long advance.
